MUNICIPAL OWNERSHIP.

Reno is trying to put the telephone company under municipal control. There is also talk in San Francisco of putting the water supply under municipal control as well as the street railroads.

It is argued that as the city has the control of the franchise it might as well make the profits.

The doctrine of Municipal Ownership is gaining headway every where and it is shown that where ever the great cities have owned their own street railways, gas plants and water works they have increased the efficiency of the service and reduced the price in proportion.

It has taken the country a long time to wake up but they are gradually getting to it.

THE SILVER PEAK STRIKE

The miners of Silver Peak who have been receiving \$3.00 per day for their work struck for \$4.00. The mine owners acceded to their demands but at one raised the price of their board from \$30 a month to \$40.

The question naturally arises regarding the quality of their board. Is it ten dollars a month better than before.

If the Appeal is not very much mistaken there is a law in this State which prohibits a mining company from forcing men in its employ to board at any particular boarding house which is controlled by the mine.

The raise in wages is two thirds taken up by the advance in the price of board and the advance of fifteen dollars a month is practically a five dollar raise.

This however is something better than the way eastern workmen are treated. The workmen get a ten per cent advance in wages as promised by the Republican trust managers in case the right ticket wins. Then the trust managers raise the tariff fifteen per cent on every thing the workman consumes. His wages are really reduced but he don't find it out in time to vote to the next election.

Vice-President Fairbanks has asked God to bless the State of California.

As he probably did it in his usually ponderous glacial style as conferring a special favor upon the Almighty in putting the request, it is doubtful if Jehovah paid much attention.

If a man expects to have his orisons answered he must get off the ice wagon before he prays.—Sacramento Bee.

Requisition papers have been applied for one Morgan alias Shrader under arrest at Caliente for the murder of Sheriff Allen of Montana.
